

The **Minnesota Heating and Cooling Association** presents...

Advanced Gas Furnace Diagnostics

In this full-day program you will learn about...

- Troubleshooting 80% and 90% Furnaces - Both Natural Gas and LP
- Identifying and Correcting No-Heat Situations Related to Ignition Sequence Timeline
- Servicing Single-Stage, Two-Stage, and Variable-Speed Gas Furnaces

Tuesday, September 19, 2017

8:30 a.m. - 9:00 a.m.

Registration

9:00 a.m. - 3:00 p.m.

Program

(Lunch and program materials included.)

**Minnesota Valley Country Club
6300 Auto Club Rd
Bloomington, MN 55438**

Your instructor for the day is Michael Prokup (Prokup Media). Michael provides leading HVAC contractors across the country with seminars, training, technical publications, and marketing services. Michael is a graduate of DeVry University who specializes in the development of HVAC-related training and technical publications.

Here's what attendees said about Michael's MHCA program earlier this year:

"Best training I've been to!"

"Very informative, made good sense, and kept me wanting to learn."

This program is for technicians who are looking to go beyond a basic understanding of gas furnaces. Michael will discuss ways to establish operating performance that maximizes efficiency, capacity, and reliability. By understanding more about the way a system works, service technicians can be even better at diagnosing and fixing operation and performance issues.

\$199.00 for MHCA Members

\$249.00 for non-MHCA Members (Join MHCA and save \$50)

Program hosted and lunch sponsored by:

This program qualifies for four (4) hours of NATE approved credit!

Space is limited to 40 attendees. Register today by completing the form below!

For additional information about this program or MHCA membership, contact MHCA at (888) 782-6815.
