Why Boiler Training? Time and again, attendees at our educational programs have told us that they have a need to learn about installing and servicing boilers. Unlike most of our programs, however, boiler installation and service training requires us to work closely with manufacturers and suppliers on product-specific training. This is the second in a series of programs we will hold in 2017 that will focus on basic and advanced principles of boilers along with product-specific training presented by factory representatives and wholesaler trainers.

Technicians Will Learn About the Following

- | | |
|--------------------------|-----------------------|
| 1. Piping | 7. Pumping |
| 2. Venting | 8. Water Quality |
| 3. Air & Purging | 9. Lochinvar Set-Up |
| 4. Gas Piping | 10. Lochinvar Install |
| 5. Zoning & Wiring | 11. Lochinvar Service |
| 6. Expansion Tank Sizing | |

There will also be time for participants to ask questions based on their experiences in the field.

Register using the attached form.

\$125.00 for MHCA Members. \$199.00 for non-MHCA Members.
